Dear distributor,

Melnikoff, Inc. considers it an honor to offer your company an opportunity to become a distributor of a new product on the world market, our panoramic format wall calendars.

Millions of dollars and thirty five years of his life have been dedicated by American photographer and producer Sergey Melnikoff to create the world's largest collection of panoramic photos depicting the most beautiful landscapes on this planet.

Today, our archives contain more than 100,000 breathtaking images of Mother Nature from 150 countries of the world. The most beautiful of these images are on display in our company's own galleries, Melnikoff Galleries Network.

MELNIKOFF calendars present a collection of stunning fine art prints, well-known by their unique artistic interpretation and technical excellence. Taken in extreme conditions such as near the stratosphere and on the ocean floor, under magnificent forest canopies and in large, open mountain pastures, they showcase the most astounding and spectacular vistas ever.

MELNIKOFF calendars presented as large panoramic images make an excellent corporate and personal gift. Majesty and serenity of wild nature, combined with superb talent, creates these precious masterpieces of unspeakable beauty.

Melnikoff, Inc. produces different series of panoramic, deluxe wall calendars annually for the amount of purchase determined by our distributors.

In the commercial aspect, as Melnikoff, Inc. is a full cycle producer, we can guarantee a minimum of a 150% sell through. You can depend on our high quality printing to assure your satisfaction with the end result. Even greater profits can be made with our outstanding posters depicting stunning, natural scenes, as the cost of production is much lower.

By bringing our exclusive, most beautiful works to your attention, we hope for and look forward to the beginning of a serious, long-lasting, mutual business relationship which will give your company an opportunity to become a distributor of the most beautiful wall calendars that Mother Nature has to offer.

Yours faithfully,
Melnikoff, Inc.
